POSITION: President of Padrosa Group, Vice President International Road Transport Union (IRU) and President of IRU Goods Transport Council

ORGANISATION: PADROSA Group
IRU

Mr Padrosa is the President of the Padrosa Group, a family business established in 1923 with activities related to domestic and international road transport, special transport services, cranes for public works and secure truck parking areas. Mr Padrosa is also the Vice President of the International Road Transport Union (IRU).

Pere Padrosa will provide the viewpoint of transport companies in the session on need for safe and secure truck parking areas on Day 1 of the conference.

Pere Padrosa will present the viewpoint from his own experience in operating several hundreds of vehicles on the roads of the EU. He will explain the kind of security incidents that occur and the consequences they have on the drivers and company. Finally, he will provide a strategy on how these security incidents can be avoided through the establishment of secure truck parking areas and by making their location, security and service level available to drivers and transport planners.
